Phil,

It would be very helpful for us to obtain the talking points and Q&A documents mentioned below. This will help Mary and I answer questions in the future about this.

Thanks, for keeping me in the loop. I'll let OW know this is happening but that you all have the lead. I agree anything should be simple. Let me know if you want me to provide basic 404 Q&A responses to some of the points in the letter

Tom and Tony,

See below. Do you think we have a short paragraph on the 404 delegation / responsive to FLA's letter?

Please forward to Cesar if so – given tight timeline I may be out of pocket. If we really don't have much to say at this point, let's forgo.

Thanks
Mary

Mary/Cesar

Ken Wagner is meeting with Sec. Valenstein and Dep. Bartlet next week (July 11) and the State has brought up 3 topics to discuss for the short meeting. 1) Human Health Criteria 2) 404 Permit procedure and 3) Overall State/EPA relationship.

HQ has not asked us to provide anything, but we were going to send up the HHC Issue paper we did for budget hearing, which I have attached. Do you have a problem with that? I also am attaching a document the State provided to HQ for this meeting regarding the 404 permitting. Is there anything we as a region would like to add about the issue? I am thinking a paragraph at most, if anything, that I can just forward on. Would you all let me know by noon tomorrow? Sorry for the short notice, but we just found out about the meeting. Let me know if you need something.
